Re: New executives addition to our staff.

Dear value customers,

Driving forward with their determination to be the premier supplier of electrical insulation and shielding materials to the US electrical markets, EMID announces the addition of three new executives to our staff.

Ms. MOLLY DEVRIES is our new Executive Customer Service Manager responsible for all Customer Relations Management activities. Molly brings over 20 years of service to our industry where she has established herself to be "thee" Customer Service professional of choice. Molly is well versed in all of the sophisticated Information Technology (IT) systems that today's market place demands and is dependent on them to provide moment to moment service to our customers. Molly is tasked with building a "state of the art" IT system and staff to meet all of the demands of our customers. Molly graduated from Clark University with a degree in Computer Science and is well prepared to meet the challenges of business today. EMID is delighted to welcome this fine professional to our executive staff. Molly can be reached at 815-353-8787 molly@emid-inc.com

Ms. SILVIA ORTEGA is our new Manager of Production and Fabrication in our Monterrey, Mexico Plant. Silvia's expertise includes total customer support with quoting, scheduling, fabrication and overall production management (operating under ISO registry) and is the result of over 30 years in our industry. Silvia is well qualified to provide the leadership to meet all of our customers' requirements. EMID is excited about the energy, ideas and professionalism that Silvia brings to our organization.

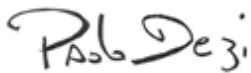

Mr. MIKE MARGITAN has accepted the challenge of building a World Class EMID organization with a focus on the use of innovative approaches to achieving the total benefits from Business Value Chain Management. Based on the acquired skills from years of service to the electrical/electronics industry--- including research, design, engineering, production, sales and marketing--- Mike is uniquely qualified to meet this challenge.

EMID will continue to grow through acquisitions and expanding our overall operating platform to provide World Class leadership and service to our entire industry.

Visit us at the EASA Exposition in Denver to meet our staff---- Booth #347

May we have your quote???

Sincerely yours,

A handwritten signature in dark ink that reads "Paolo Dezi".

Paolo Dezi

President, CEO
